

Roster of Babysitters

Prepared by the Henry Hudson Elementary School PAC, updated September 2016

Guidelines for use:

This roster is intended to connect Henry Hudson parents seeking babysitters with present or recently graduated students who have completed a babysitting course and are looking for opportunities to babysit within the Hudson community.

Parents seeking babysitters through this roster are asked to make contact initially with the babysitters' parents, using the contact phone number or email from the list.

The roster provides contact information only; parents are encouraged to make their own assessment of how well any particular babysitter will connect with their children. Conditions of any specific babysitting work (hours, rate of pay, etc.) are to be negotiated between the parties directly and are not the responsibility of the PAC.

“Area” is the neighbourhood the babysitter is most easily able to work in, but please feel free to check with them to see if they are able to work in other areas, given appropriate transportation arrangements. “No preference” indicates that the sitter can work in any neighbourhood within a few kilometers of the school.

Our intent is to update the roster shortly after each time a babysitting course is offered at the school; the next anticipated course is November 2016. We would welcome any feedback about how it is working! If you have any comments, questions or concerns about the roster, please contact the Hudson parent who is looking after it: Alan Patola Moosmann, 604-736-8596, apatola@telus.net. (Please do not contact the school office, which is not involved in this project.)
