

Bike to School Week is happy to bring the Vancouver Police Department-endorsed bicycle registry **529 Garage!** They will be onsite at Hudson **THURSDAY, JUNE 1ST 8:15-9:15 AND 3-3:45.**

529 Garage is the largest national online bicycle registry. Over 20,000 bicycles in Vancouver City alone are registered and in the past year, 529 Garage has helped recover more stolen bicycles to their owners than the police. VPD Constable Rob Brunt brings 529 Garage bike registration to Hudson June 1st and registration is simple with the form below and a bicycle.

The 529 Garage representatives will assist students to register their bicycles by taking photos of all sides of the bike, the serial number, an optional photo of rider and bicycle, entering your email address in the system and affixing a small shield to the bike. You will then receive an email request to your email address to download the application. Microsoft veteran programmers have designed this secure app to send real time alerts to you, other registrants and police when bicycles are stolen within a 15km radius, making recovery a real possibility. Additionally, your bicycle (or various parts) are more easily traceable if stolen.

For more information, visit: <https://project529.com/garage/>

Simply send the attached form with student and bicycle to school Thursday, June 1st 8:15-9:15 or 3-3:45. Contact Chantal at minten@novuscom.net for details about this BTS week event.
