

**Welcome** - Robert

## **Approval of February Meetings Notes**

Approved Nicole  
Seconded Dave

**Seismic Upgrade MLA Letter Writing:** <https://www.hudsonpac.ca/advocacy/seismic-upgrade-committee/>

Why are we doing this?

Project definition report (Vancouver project office)

This report has gone to the province. It is to include the current population of the school and the portable

Max capacity is usually around 550

Examples Are included in the package

- Make it personal about how it affects you and your Child's life.

- Express what you expect back. If it includes a meeting, a response back, email, phone call, talk to the Minister of Education, etc. Make sure people know what it is you are looking for.

Follow up with a phone call and leave a voicemail in the worst case scenario.

- MLA's actually tally up how many times they have been flagged on an issue.

- Our PDR is in now. We have a limited window. If an announcement is made, chances are we have lost our window to advocate for ourselves

## **Committee Reports:**

### **Activities:**

Term 3 activities are set.

We are also adding ultimate Frisbee and musical theatre.

Everything else should be the same

Registration will be open by weeks end.

### **Treasurer:**

No updates

### **Vice -Chair Internal - Events:**

The Spring Bazaar went very well. Everyone had fun

Worth doing again? Feedback suggests we should do it again?

## **HUDSON SAFETY**

There was an incident at the school on March 4 in which students were injured with police and ambulance in attendance.

Parents discussed what they did and did not know about the event. Emotional support for parents and for all students involved was expressed.

Specific questions regarding the incident should be directed to the Principal.

These minutes are truncated due to the sensitivity of the incident. Further inquiries may be directed to the Hudson PAC Chair at [HUDSONPAC@gmail.com](mailto:HUDSONPAC@gmail.com).

**NEXT MEETING APRIL 15th**

**Adjourned**
